REPORT

ON THE

ADMINISTRATION OF AJMER MERWARA

FOR

1911-1912.

SECTION I.

GENERAL ADMINISTRATION

1 Throughout the year under report Lieutenant Colonel W O B. Stratton, Personnel C I E, I A., continued to hold charge of the office of Commissioner, Ajmer-Merwara, and Mr. B J. Glancy, I C S, that of the Assistant Commissioner, Ajmer

2 Pandit Brij Jiwan Lal Sharma, B A, Revenue Extra Assistant Commissioner, held charge of the post of Assistant Commissioner, Merwara, from the 1st April 1911 to the 20th May 1911. With effect from the 21st May 1911 this post was abolished under the orders of the Government of India and an Extra Assistant Commissionership for Merwara was substituted in its place. From 21st May to 6th August 1911 Pandit Brij Jiwan Lal was appointed to officiate as Extra Assistant Commissioner, Merwara, in addition to his own duties as Revenue Extra Assistant Commissioner, and from the 7th August, on which date he was confirmed in the post, he continued to hold the appointment to the end of the year

3 Lieutenant-Colonel H R Woolbert, M B, F R C S, I M S, held the office of Civil Surgeon, Ajmer, from the 1st April 1911 to 29th March 1912, on which latter date he handed over the charge of his office to Lieutenant-Colonel W. H. B. Robinson, I M S, and proceeded to England on combined leave

4 Mr R E Coupland held the office of Superintendent of Police, Ajmer-Merwara, throughout the year under report

5 The Total Revenue of Ajmer Merwara for the year (Imperial and Local) amounted to Rs. 14,64,571, as compared with Rs 16,86,901 last year and the total expenditure was Rs 16,29,562 as against Rs 12,91,020 in 1910-1911. Revenue and Expenditure, (vide statement 42)

Imperial revenues fell from Rs 11,11,873 in 1910-1911 to Rs 9,64,514 in the year under report while the expenditure amounted to Rs 10,99,261 as against Rs 8,60,743 in 1910-1911

6 There was thus a deficit of Rs 1,34,747 in the Imperial Revenues in 1911 1912 as compared with a surplus of Rs 2,51,094 in the year 1910 1911. The deficit was due to decrease in receipts and increase in expenditure principally under the following heads —

RECEIPTS

	Rs
Land Revenue	1,26,113
Excise	6,498
Interest	20,143

REPORT ON THE ADMINISTRATION OF

EXPENDITURE.

						Rs.
Refunds and drawbacks	+ 5,401
*Interest	+ 2,20,249
Police	+ 39,602
Medical	+ 10,164

* Note.—The increase under this head is owing to accumulated interest amounting to Rs. 2,17,000 paid on account of Promissory Notes held by H. H. the Maharaja of Jaipur.

SECTION II.

ADMINISTRATION OF THE LAND.

COURT OF WARDS.

Year ending 31st July 1912.

7. Rai Sahib Munshi Gopi Nath held charge of the office of the General Manager, Court of Wards, Ajmer, throughout the year.

8. From an agricultural point of view the year was one of scarcity. It was Agricultural only about the middle of September that a few cyclonic storms brought water aspects. into the tanks and helped the Kharif and Rabi cultivation to a certain extent. The high prices which ruled throughout the year benefited those having agricultural produce to dispose of.

9. At the beginning of the year there were nine estates under management. The estates of Kanai Kalan and Sadara were placed under management, while the estate of Bhinai was released, leaving the following ten estates under supervision at the close of the year: Masuda, Kalahera-Bogla, Kerot, Goela, Basundni, Richmalan, Kanai Kalan, Sadara, Gangwana and Rajgarh.

10. The year opened with a cash balance of Rs. 2,07,268 besides Government Promissory notes of the face value of Rs. 3,35,100. The income of the estates under management amounted to Rs. 2,08,317. The total credit including opening balance amounted to Rs. 4,15,585 as detailed below :—

	Rs
Bhinai	1,01,898
Masuda	2,55,618
Other estates	58,069
	<hr/>
	4,15,585

	Rs
Government dues	22,091
Household	85,031
Management	20,414
Public Works	66,886
Investments, Taccavi and loans	53,844
Liabilities	9,869
Other charges	56,876
	<hr/>
	3,12,211

The expenditure as shown in the margin amounted to Rs. 3,12,211 and was distributed as under :—

	Rs
Bhinai	83,568
Masuda	1,92,033
Other estates	36,610
	<hr/>
	3,12,211

11. The following investments and Taccavi advances were made on behalf of the estates noted below :—

	Rs
For Masuda estate—	
Investments in Government Promissory notes	25,000
Deposits in Co-operative Central Bank .	11,600
Loan to the Thakur of Nagar	2,000
Taccavi advances to tenants	1,910
	<hr/>
	40,510
For Kerot estate—	
Investment in Government Promissory notes	2,026
For Kalahera-Bogla estate—	
Loan to Thakran Khangaroti	1,000
For Bhinai estate—	
Investment in Government Promissory notes	9,808
	<hr/>
	53,344

The household expenditure includes Rs. 28,000 spent on the marriage of the sister of the Thakur of Masuda, and Rs. 600 in Gangwana on the funeral feast of the late Raja Fatteh Singh.

Rupees 34,231 were spent on the construction of the new Bijai Sagar tank at Sheopura in the Masuda estate, while in the Bhinai estate the Sobri and Chawandsagar tanks were repaired and improved at a cost of Rs. 18,849.

During the year Government Promissory notes of the face value of Rs. 10,000 and a cash balance of Rs. 18,331 were made over to the Bhinai estate on its release from the court's management.

12. The closing balance at the credit of the ten estates on the 31st July 1912 was Rs. 85,043 and was distributed as under:—

	Rs.
Masuda	63,584
Other estates	21,459
	<u>85,043</u>

besides the Government Promissory notes of the face value of Rs. 3,62,100 held in deposit by the Comptroller, India Treasuries, on behalf of—

	Rs.
Masuda	3,48,100
Kerot	12,000
Kalahera	1,000
Basundni	1,000
	<u>3,62,100</u>

Cost of management.

13. The cost of management amounted to Rs. 26,414 or 6.35 per cent. of the gross receipts of the estates.

Demand and Collections.

14. At the beginning of the year the outstandings of all kinds, excluding those of Sarana, Karel and Deolia Khurd, amounted to Rs. 19,019, while the current demand from all sources was Rs. 2,08,499, the total demand being as follows:—

	Rs.
Bhinai	42,265
Masuda	1,88,702
Other estates	46,551
	<u>2,27,518</u>

The collections amounted to Rs. 2,08,317 as under:—

	Rs.
Bhinai	81,753
Masuda	1,84,733
Other estates	41,831
	<u>2,08,317</u>

Remissions amounted to Rs. 5,044 and the outstanding balance at the close of the year was Rs. 14,157.

15. The following table shows the demand, collections, remissions, and outstandings of income under the head "Rents and cesses":—

Estates.	Demand.	Collections.	Remissions.	Outstandings.
	Rs.	Rs.	Rs.	Rs.
Bhinai	36,459	27,532	3,697	5,230
Masuda	88,978	86,770	232	1,976
Other estates	37,249	33,147	122	3,980
Total	1,62,686	1,47,449	4,051	11,186

16 The instalments of the Government dues for the Kharif and Rabi harvests for the year under report were paid in full by all the estates. None of the estates under management owes Taccavi or Dami to Government.

17 The following table shows the liabilities on account of private debts of the estates under management as they stood on the 31st July 1912 —

No	Name of the estates	LIABILITIES		TOTAL	PAYMENTS		Balance outstanding on 31st July 1912
		Outstandings on 1st August 1911	Debts admitted during the year		Paid	Struck off.	
		Rs. A. P.	Rs. A. P.	Rs. A. P.	Rs. A. P.	Rs. A. P.	Rs. A. P.
1	Masuda		1592 13 0	1592 13 0	1592 13 0		—
2	Gangwana	258 1 1	231 14 3	2809 15 4	422 15 7		2386 10 9
3	Goela	7663 10 6	325 1 3	8048 11 9	1130 10 6		6918 1 3
4	Richmalan		300 0 0	300 0 0	100 0 0		200 0 0
5	Kanai Kalan		150 0 10	150 0 10	150 0 10		
6	Sadara		1046 1 3	1046 1 3	1046 1 3		
	TOTAL	10241 11 7	370 14 7	13947 10 2	4442 9 2		9505 1 0

18. The estates of Kanai Kalan and Sadara which have been lately placed under management are heavily involved in debt, and an enquiry into the debts is being made.

19 Raja Sadul Singh of Bhina left the Mayo College on attaining his majority. At the close of the year there were 8 boys engaged in their studies at the Mayo College, viz, Thakur Bijai Singh of Masuda, Thakur Nathu Singh of Kalahera, Thakur Uday Singh of Kerot, Thakur Uday Singh of Basundri, Thakur Ranjit Singh of Goela and his younger brother, Raja Raj Singh of Rajgarh, and Jagirdar Kalyan Singh of Gangwana. Education of Wards

20 The health of all the Wards was good throughout the year. The general progress reports of all the boys at the college were satisfactory.

SECTION III.

PROTECTION.

(1) AJMER-MERWARA POLICE (YEAR ENDING THE 31ST DECEMBER 1911.)

21. Mr. R. E. Coupland held charge of the office of Superintendent of Police in Ajmer-Merwara throughout the year.

INCREASE AND DECREASE IN REPORTED COGNIZABLE CRIME.

22. The total volume of cognizable crime reported in 1911 was 4,730 cases as compared with 3,784 in the year 1910. These totals include all cognizable cases reported during those periods, whether such reports were laid to the police or to Magistrates, in the first instance. The increase falls entirely among cases reported to the police, reports to Magistrates having decreased by 275 or more than 40 per cent.

23. To facilitate comparison a table is given below showing, separately, the figures for each of the last two years divided up into the main heads of crime as defined in Statement A.

Particulars	1910.					1911.				
	COGNIZABLE.			Non-cognizable cases.	Total crime.	COGNIZABLE.			Non-cognizable cases.	Total crime.
	Police.	Magis-terial.	Total.			Police.	Magis-terial.	Total.		
Abetment
Class I . . .	11	2	13	6	3	8
Class II . . .	93	60	143	93	56	151
Class III . . .	578	23	601	551	10	561
Class IV . . .	1	7	8	1	4	5
Class V . . .	881	185	1,066	904	236	1,190
Total . . .	1,564	270	1,834	1,558	389	1,945
Class VI . . .	1,545	405	1,950	2,774	11	2,785
GRAND TOTAL .	3,109	675	3,784	3,269	7,053	4,330	400	4,730	3,378	8,608

The figures in this statement show that the increase in crime during 1911 is, almost entirely, in cases returned under class VI, i.e., miscellaneous offences which do not fall under the various sections of the Indian Penal Code. It is noteworthy, too, that whereas more than 20 per cent of the cases returned under that head in 1910 were reported to magistrates, practically all the cases for 1911 were reported to the police. That increase falls almost entirely under the sub-head "Public Nuisances". As mentioned in the report for 1910, special measures were taken towards the close of 1909 with a view to suppressing local nuisances in the larger towns owing to the outbreak of plague, and there can be little doubt that the condition of Ajmer itself and several other of the larger towns rendered such measures imperative. The campaign was initiated by the magistracy but as the police began to show a fuller recognition of their duties in this respect the number of such cases instituted by magistrates gradually decreased and was, in 1911, a negligible quantity. The greater vigilance shown by the police in this respect during the year under notice was also, no doubt, partly due to the failure of the monsoon in Ajmer-Merwara which rendered it imperative that all sources of water-supply should be carefully guarded and every precaution taken to prevent the appearance of disease

in epidemic form. For these reasons the great increase in the number of such prosecutions instituted during the year under report is justified but, at the same time, it is hoped that with improved sanitation in Ajmer and healthier seasons it will not be necessary for such strenuous action to be taken in this direction in future years.

24. Excluding cases in class VI crime has risen by 111 cases or 6 per cent cases reported to magistrates and for property. It is a matter of congratulation that, in spite of the failure of the rainfall in Ajmer Merwara during the year under notice, there should have been only a slight rise in ordinary crime and that such increase as has occurred should be confined to offences of a comparatively unimportant nature. This is, no doubt, partly attributable to the fact that for several years preceding 1911 exceptionally good harvests were obtained in Ajmer Merwara but the preventive measures taken by the local police are also responsible to some extent for this result.

25. The incidence of cognizable crime, as a whole per 10,000 of population excluding false cases, was 93 for 1911 as compared with 77 for 1910 and 66 for 1909. If, however, sanitary offences are deducted, the incidence for 1911 falls to 38 as compared with 36.6 for 1910. These are high figures and in the United Provinces for the year 1910 the incidence of all cases was only 33, or 29 if sanitary offences be excluded.

26. The Superintendent of Police points out in his report, however, that the urban population in Ajmer Merwara forms no less than 25 per cent of the total population, whereas in the United Provinces the percentage is only 12½ per cent, and that it is notorious that far more crime occurs in towns and cities than in small isolated villages. For these reasons the comparatively high figures need not cause any alarm. On the other hand as noted in the report for 1910, great attention has of recent years been paid by the local police to the question of faithful reporting and, while the percentage of written reports once again shows an increase, constables sent out on beat duty are declared to have been instrumental in obtaining no less than 30 per cent of the total number of reports laid at police stations during 1911. This is a satisfactory state of affairs.

27. Cases of non cognizable crime increased by 609, or 19 per cent, during the year under report. The major portion of this increase is due to the fact that prosecutions under the Municipal Regulations rose from 1,400 to 1,801, but cases of assault, mischief and offences against the marriage laws are also responsible for this result to a minor degree.

POLICE CASES—ALL CLASSES

28. The total number of cases of cognizable crime reported to the police during the year under report was 4,330 as compared with 3,109 in 1910. As shown above this is entirely due to increased vigilance in the matter of instituting prosecutions for breaches of the sanitary laws in the larger towns of Ajmer-Merwara, an explanation of which has already been furnished. Excluding such offences the figures of cases reported to the police stand at 1,668 for 1911, as compared with 1,649 for the preceding year.

29. No investigation was made in 636 (or 38 per cent) of such cases as against 576 (or 35 per cent) in 1910. The percentage of investigations to reports is still somewhat higher than in the United Provinces but there has been the last few years and the rules generally understood and cases of a particular kind the wish of the complainant. The percentage of investigations compared with the urban population of Ajmer-Merwara is less than in towns, where distances are short and offences comparatively numerous, investigation is more generally desired than in rural areas.

30. The total number of police cases decided during the year was 3,175 as compared with 1,995 in the preceding year and 1,537 in 1909. The percentage of cases investigated by the police which ended in conviction was 82 as against 72 in 1910 and 74 in 1909 and the percentage of persons convicted in such cases to persons arrested by the police stands at 95 for the year under report as compared with 89 and 92 for the two preceding years. These figures include sanitary offences and, as the proportion of such cases to the grand total has increased very greatly in the year and the conviction of persons arrested for such offences is, as a rule, a foregone conclusion, it is desirable to compare the figures of the three years after eliminating such cases from the returns. If this is done the percentage of cases convicted to the total number of cases investigated during 1911 falls to 45 as against 43 in 1910 and 46 in 1909 and the percentage of persons convicted to persons arrested by the police stands at 84 against 79 and 83 respectively.

31. These figures compare very favourably with the statistics of the United Provinces for the year 1910 and taking into consideration the high ratio of cases investigated by the police to cases reported they indicate a satisfactory state of affairs.

Class I.—Offences against the State, public tranquillity, safety and justice.

32. The total number of true cases of this class for disposal in 1911 was 5. Three ended in conviction and one was still pending trial at the close of the year. No offence relating to coin was reported in 1911. Four cases falling under the sub-head "Rioting or unlawful assembly" were reported but none of them was of any special significance. In addition to the cases which were tried out, one case occurred in which, after certain accused has been sent up for trial, the prosecution was withdrawn under section 494 of the Code of Criminal Procedure. This was a case in which a conflict had taken place between two parties of Jains regarding the right to worship in a certain temple at Ajmer. The prosecution was withdrawn because it was considered better policy to effect a permanent compromise than to proceed with the case and perpetuate a feud.

Class II.—Serious offences against the person.

33. The number of cases in this class for disposal in the year under report, excluding false charges, was 83 as compared with 82 in the preceding year. Fifty-eight of those cases came before the Courts for trial with the result that 46 ended in conviction and six in acquittal while six were still under trial at the close of 1911.

34. The cases of murder dealt with by the police numbered 10 as compared with 8 in the preceding year. One was a case in which a woman murdered her infant son by throwing him into the Pushkar lake. She was convicted and transported for life. Only two murders remained undetected. The victims in both those cases were prostitutes who were strangled and robbed. Since the close of 1911 several other cases of a similar nature have occurred and it is unsatisfactory to have to note that the police have so far failed to establish a case against any of the persons suspected in those cases. There would appear reason to fear that some of those cases, at least, are the work of a person suffering from homicidal mania. None of the other cases call for special comment.

35. No other cases in this class are deserving of special mention or presented any extraordinary features.

Class III.—Serious offences against person and property or against property only.

36. The total number of true cases of this class dealt with by the police during the year under report was 541 as against 558 in 1910. No investigation was made into 294 of those cases and, of the remainder, 74 were sent up for trial with the result that 62 ended in conviction, 10 in acquittal and 2 were still pending at the close of 1911.

37 The number of daktaities returned for 1911 (excluding false cases) is 10 as compared with 5 in the preceding year. Actually, however, two of those cases took place before the close of 1910 though they were not reported to the police till after the commencement of the year under report. These daktaities were all attacks on small parties of travellers journeying along unfrequented roads or village by paths. The crime statement returns all those cases as undetected but, as a matter of fact, a large number of convictions were obtained under section 414 Indian Penal Code, in connection with two of those cases regarding which further mention will be found below.

38 The Superintendent of Police points out that till the hearty co-operation of the police officials of the States surrounding Ajmer Merwara can be obtained there is small hope of much improvement either in the matter of the prevention or the detection of such crimes. The officials of the Udaipur State in particular are complained of for failing to co-operate with the Ajmer Merwara Police and it is significant that in one case in which the villagers and local police succeeded in tracking the daktaites into Mewar territory, a gang of Sansals, living in that State, was found by them to be in possession of property taken in two daktaities which had occurred shortly before in Ajmer-Merwara. That raid resulted in the arrest and ultimate conviction, under section 414, Indian Penal Code of sixteen members of that gang and there is every reason to suspect that those persons were responsible for several of the other cases which had occurred shortly before. The effect of that arrest was at once apparent and, during the 3½ months which succeeded it no further daktaities took place. Indeed the only other daktaities reported in 1911 were two cases which occurred towards the end of the rainy season. Those cases took place at the very south of Merwara and were believed to have been the work of certain Minas of the Sirohi State. The gang was not accounted for but special precautions were taken by the Superintendent of Police to prevent further occurrences, parties of extra police being deputed to patrol the main routes in the less frequented parts of the district, and immunity of Ajmer Merwara from further daktaities up to the close of the year was in part at least the result of those measures.

39 Cases of robbery once again show a slight decrease, true cases numbering 4 in the year under report as compared with 5 in the preceding year. None of those cases came up for trial but the two perpetrators of one of those robberies, in which some camels were "lifted" but subsequently recovered, are known and will be brought before the courts as soon as they are arrested.

In dealing with this form of crime, too, the police have not met with much success during the year and it is unsatisfactory to find that the Superintendent of Police is of opinion that, but for the dilatory action of some of his subordinates, one other case might have been successfully worked out. It is a matter for congratulation, however, that the decrease in such offences which has been going on year by year since 1906, still continues.

40 The only other form of crime included in class III which calls for special notice is house breaking or burglary (serial No. 9).

41 The number of true cases returned under that head for the year 1911 stands at 516 as compared with 514 in the previous year and 113 in 1909. There were special reasons for the sudden increase which occurred in 1910 and the Superintendent of Police attributes the comparatively high figures for 1911 to the failure of the rains. Investigations decreed by 16 but prosecutions to conviction numbered 62 as compared with 52 in the preceding year. On the other hand convictions for the dishonest possession of property stolen in conjunction with cases numbered 11, so that the total number of falling off shows a considerable by the Superintendent. met with in obtaining convictions for the be attributed to the fact that during 1910, lague, enterprising and those special. Importance would appear to have occurred during the year under report.

Class IV.—Minor offences against the person.

42. Only one case of this class was dealt with in 1911 as compared with two in the previous year. That case remained undetected.

Class V.—Minor offences against property.

43. Eight hundred and forty-eight cases falling in this class were dealt with by the police in 1911 as compared with 855 in 1910. The total number investigated was 510 and of that number, 273 were convicted and 18 acquitted, while 12 were still pending trial at the close of the year.

44. Thefts of cattle fell from 64 to 52. Eleven of those cases are returned as un-investigated and, of the remainder, 15 were sent up for trial, 13 being convicted, 1 acquitted and 1 still pending at the close of the year. As no less than 10 cases of receiving stolen cattle were successfully prosecuted to conviction during the year the total number of convictions for theft of cattle and cognate offences stands at 23 for 1911 as compared with 24 in 1910 and 26 in 1909. In view of the fact that thefts have decreased from 71 in 1909 to 52 in the year under report the local police may be congratulated on these results particularly as the percentage of cattle reported as "strayed" which remained unrecovered fell from 39 to 30 in the year under report. In view of the special difficulties met with by the Ajmer-Merwara Police in the matter of following up and tracing out cattle which are lost owing to the geographical position of the district and the refusal of the two most important of the adjoining States to permit direct communication between their police officials and those of Ajmer-Merwara, these statistics are satisfactory.

45. None of the other offences in this class call for special notice.

Class VI.—Other offences not specified above.

46. The number of cases falling in this class increased from 1,540 to 2,804. All but 23 of those cases came before the courts for trial with the result that 2,707 were convicted, 50 acquitted or discharged and 24 were still under trial at the close of the year.

47. The great increase in cases falling under the head of "Public Nuisances" has already been referred to in paragraph 3 of this report and calls for no further notice.

48. Cases of vagrancy and bad livelihood numbered 47 as compared with 35 in 1910. Only seven prosecutions were instituted under section 110, Criminal Procedure Code, and only three of those proved successful. The Superintendent of Police states that all four of the persons from whom the Courts refused to take security were notorious bad characters whose names figured on the surveillance register and whose history-sheets gave a detailed record of the reasons for cases being instituted against them, but that the magistrate concerned was not satisfied with the evidence produced.

49. It is much to be regretted that the police have hitherto received little assistance from the magistracy in dealing with cases of this class, though special care is taken that only the most notorious bad characters are proceeded against. The Superintendent of Police states, however, that the District Magistrate has now consented to take such cases on to his own file and it is hoped that this will bring about the much required change. Prosecutions under section 109, Criminal Procedure Code, increased from 25 to 40 and security was demanded from all but one of the persons proceeded against. Nineteen of those persons proved to be previously convicted offenders. As noted in 1910 the number of prosecutions under this section has increased very greatly during the last few years and the greater portion of the undoubted decrease in organized heinous crime which has taken place since Mr. Coupland assumed charge of this district is to be attributed to the excellent work done by him and his subordinates in waging war on the hordes of suspicious strangers who had, for long, made Ajmer-Merwara their hunting-ground. The fact that only 7 of the 92 prosecutions instituted under this section during the past three years should have proved unsuccessful bears eloquent testimony to the discrimination shown in instituting such cases. In cases under section 110, Criminal Procedure Code,

the average security demanded was Rs 800 with three years' imprisonment in default. Security was furnished by all three of the persons from whom it was demanded during 1911.

50 In cases under section 109 Criminal Procedure Code the average security demanded was Rs 84 with an alternative of imprisonment for 9 months and 11 days. Security was furnished by only three of the persons prosecuted under that section.

51 Thirty-six prosecutions for breaches of the Excise and Opium Acts were initiated by the police during 1911 as compared with 18 in the preceding year. All but 5 of those cases resulted in conviction. The amount earned by the Police as rewards in connection with such cases was Rs 312 as compared with Rs 173 in 1910. Special attention has been paid to the question of the illicit importation and sale of cocaine and several smugglers were arrested at Ajmer with the assistance of the Railway Police. The work under this head shows considerable improvement and it is to be hoped that this will continue.

PROPERTY STOLEN AND RECOVERED

52 The amount of property stolen was valued at Rs 48,106 compared with Rs 99,487 in 1910. The figures for 1910 were extraordinarily high and total losses in 1909 were valued at Rs 46,070 only, so the decrease calls for no special explanation. The percentage of recovery was 25 as against 13 in 1910. The return compares favourably with that of the previous year but it has long been a generally accepted theory that too much reliance should not be placed on the figures shown under this head.

IDENTIFICATION BY MEANS OF FINGER IMPRESSIONS

53 The number of finger impression slips sent to the Bureau for search during the year under report was 204. Seventy one of those slips resulted in the identity of previously convicted offenders being established as compared with 64 in 1910 and 24 in 1909. This is a high figure. Forty eight identifications were established by the Rajputana Bureau and 23 by other Bureaux.

PROCLAIMED OFFENDERS

54 The names of 52 proclaimed offenders figured on the registers of this district at the close of 1910, to which number 16 were added in the year under report. Five of those persons were arrested in 1911, and the names of two others were removed from the registers for special reasons, leaving a closing balance of 61. Forty one of the persons still absconding belong to class A, i.e., are persons whose names, caste, residence and antecedents have been fully verified, while the remaining 20 belong to class B and are persons regarding whom it has been found impossible to ascertain such details. The number of absconders is large and the local police have met with little success in the matter of accounting for such persons during the year under report. The Superintendent of Police states, however, that he is impressing on Circle Inspectors and Station Officers the need for more personal interest in this branch of their work and it is to be hoped that that warning will have some effect. It is only fair to add moreover that as noted last year, the present whereabouts of certain persons who figure on this register is known to the local police but owing to the fact that the offences for which those persons are required are non extraditable and that they are at present residing outside British India, no further action in the matter is possible at the present time.

SURVEILLANCE OVER PERSONS WHOSE HISTORY SHEETS HAVE BEEN PREPARED

55 The number of history sheets maintained at the close of 1910 was 517. One hundred and seventeen new sheets were opened during 1911 and 151 discontinued owing to the death, emigration or return to honest livelihood of the persons concerned. The total number of history sheets still kept up at the close of the year under report was 483, and of this number, 41 were of criminals again convicted of offences and imprisoned during 1911. The percentage of persons whose present whereabouts are unknown has risen from 14 to 17.

As stated in the report for 1910 the proximity to Ajmer-Merwara of certain States, the police officials of which are prohibited from holding direct communication with officers of the Ajmer-Merwara Police, is no doubt partly responsible for the difficulties found in keeping an efficient watch over these suspects who can practically escape from effective surveillance by crossing the border into one or other of those States.

CO-OPERATION WITH THE POLICE OF NATIVE STATES.

56. The Superintendent of Police testifies to the cordial assistance he has received from the police officials of the Kishengarh State and Shahpura Chiefship during the year and states that relations with the Marwar Police have improved. The refusal of the Jaipur and Mewar Durbars to permit their police officials to correspond direct with members of the Ajmer-Merwara Police continues to cause much inconvenience in many ways and a fresh restriction imposed by the Mewar Durbar during the year under report, by which members of the Ajmer-Merwara Police are entirely prohibited from making any enquiries in Mewar, has made matters even worse than before.

STRENGTH, COST AND EMPLOYMENT OF THE POLICE.

57. There was no change in the strength of the police during the year under report. With effect from 1st April 1911, however, the Ajmer and Beawar Municipalities were relieved of all police charges and certain chaukidars of the Deoli Cantonment were, on the withdrawal of Act XX of 1856 from that town, replaced by regular police. A proposal to relieve the Kekri Municipality of all police charges was submitted for the orders of Government during the year but was still under disposal up to the end of 1911.

The actual cost of the force rose from Rs. 1,79,215 to Rs. 1,90,309, this increase being chiefly due to brisk recruiting and the appointment of certain Sub-Inspectors to fill posts which had, prior to 1911, remained vacant for special reasons ever since the reorganization of the force in 1907.

REWARDS AND PUNISHMENTS.

58. One hundred and twenty-two members of the force were rewarded in 1911 as compared with 238 in 1910 and 136 in 1909. The Superintendent explains these variations as due to the fact that, with a view to raising the standard of work of the subordinate police in the matter of collecting information when on beat-duty, he was particularly liberal in granting rewards to constables in 1910 for service done by them in that respect but abandoned that attitude as soon as they had realized that this was part of their ordinary duties. The total sum paid to members of the force as rewards in 1911 was Rs. 1,794 but no less than Rs. 1,338 of this was earned for service in protecting the excise and opium revenue. In addition to this 24 chaukidars were rewarded with sums aggregating Rs. 47 and Rs. 116 were disbursed to members of the general public for assistance rendered to the police.

The total number of punishments inflicted decreased from 43 to 39 and included 10 judicial punishments by a magistrate, 13 dismissals and 16 other departmental punishments. It is not altogether satisfactory to find such a large proportion of judicial punishments by a magistrate and this has not been explained by the Superintendent of Police. In view, however, of the fact that the actual strength of the force was 935 at the end of the year under report as compared with 876 at the close of 1910 the difference in the punishment rolls is even greater than the figures, taken by themselves, would appear to indicate and may be looked on with satisfaction. It is well known that Mr. Coupland only punishes men when this becomes imperative and that he exercises great care when enquiring into charges brought against subordinates. The punishments of the year include the reduction of one of the Circle-Inspectors whose work had been unsatisfactory for some years.

HEALTH

59 The health of the force has been excellent during the year. Only 4 deaths occurred as compared with 16 in 1910 and the daily average of men absent from duty on account of sickness and percentage of admissions to hospital was less than half that of 1910. Quinine is said to have been freely distributed as a prophylactic measure.

CASUALTIES

The following casualties occurred during the year —

(1) Pension or gratuity	17
(2) Resignation without pension or gratuity	70
(3) Dismissal	18
(4) Discharge other wise than above	42
(5) Desertion	0
(6) Death	4
	<hr/> 151

These figures compare favourably with those for 1910 when no less than 208 casualties occurred. The main difference is in the number of resignations which totalled 100 in 1910. This is no doubt due to the temporary agricultural depression caused by the failure of the monsoon in 1910. For the same reason recruiting has been very brisk and no less than 199 men were enlisted during the year as compared with 141 in 1910. Past experiences lead one to fear that, when agricultural conditions improve, a considerable number of the men who have been led to enlist by the force of circumstances will abandon service but it is to be hoped that some of them will continue in the ranks even after local conditions have once again become normal.

In other respects the casualties vary but little from those of the previous year though there has been some decrease under practically every head.

GENERAL REMARKS

60

In dealing

successfully with the work of the year was a very high one. It must be remembered, too, that the figures dealt with are, in many instances so small, that failure in one or two cases has a marked effect on the whole return.

The first duty of an efficient police force is to prevent crime and the Ajmer-Merwara Police have done excellent work in that respect. A considerable amount of extra work devolved on the police in connection with the visit of Her Imperial Majesty the Queen Empress to Ajmer and the police arrangements on that occasion received special commendation. The discipline and morals of the force continue satisfactory and the bearing of constables towards the public is more courteous than formerly.

The investigating staff is now recruited from candidates of good family and superior education who have to undergo a long course of training at the Moradabad police-training school and the general standard of efficiency and morality is considerably higher than formerly.

The training of recruit constables received special attention and, now that most of the posts which have remained vacant for so long have been filled, it will be possible to arrange for a more extended course of training than heretofore. Family quarters have been added to most of the outlying police stations but have still to be provided at Ajmer, Beawar and Nasirabad. The scheme for providing more suitable Reserve Lines at Ajmer is still under consideration.

Practically all the reforms sanctioned in accordance with the recommendations of the Police Commission have now been introduced and have already effected a marked change in the work of the police as a whole.

The force has been most efficiently handled by Mr. Coupland and Ajmer-Merwara has reaped much benefit from his long connection with the district.

(2) CRIMINAL JUSTICE (YEAR ENDING THE 31ST DECEMBER 1911).

61. During the year under report the office of District Magistrate, Ajmer and Merwara, was held by Mr. B. J. Glancy, I.C.S.

62. The total number of offences reported was 8,618, of which 7,194 were returned as true. Of these 2,368 were reported under the Police Act, against 1,417 in the preceding year.

63. The number of cases under the Opium Act was 20 as against 13 in 1910 and 14 in 1909.

64. The number of persons under trial in the year was 11,214, of these 6,573 were convicted. The corresponding figures for 1910 were 8,542 and 4,614 respectively.

65. The number of persons placed on trial before Honorary Magistrates was 5,826 as against 3,906 in 1910.

66. The average duration of each case was 27.54 days as against 14.3 days in 1910.

67. The number of witnesses examined was 4,637 as against 3,990 in 1910.

68. The number of persons placed on trial before the District Magistrate was 175.

69. The Court of Session dealt with the cases of 19 persons as against 6 in 1910. Of these 11 were convicted, 4 were discharged and 4 remained under trial.

70. In the Railway jurisdiction 405 persons were placed on trial, of whom 314 were convicted.

71. The number of appeals and revisions (excluding Railway cases) dealt with by the District Magistrate was 127 : out of which 58 cases were summarily disposed of and rejected.

The sentence in 9 cases was reduced and in 29 reversed.

72. The number of appeals and revisions, excluding Railway cases, dealt with by the Sessions Judge was 89, out of which 47 cases were summarily disposed of and rejected.

The sentence in 22 cases was confirmed and in 5 reduced and in 4 reversed. Fresh trials were ordered in 2 cases, and 9 remained pending at the close of the year.

73. The Courts of the—

1. Honorary Magistrate, Pisangan,
2. " " Bhinai,
3. " " Sawar,
4. " " Kekri,
5. Cantonment Magistrate, Nasirabad,
6. " " Deoli,
7. Honorary Magistrate, Kharwa,
8. Deputy Magistrate, Beawar,

were inspected by the District Magistrate.

74. The Court of Cantonment Magistrate, Deoli, was inspected by the Commissioner.

(3) CIVIL JUSTICE (YEAR ENDING THE 31ST DECEMBER 1911).

75. The number of courts during the year was 26, excluding the Court of the Naib Tahsildar, Todgarh, who does not exercise civil powers.

76. The total number of suits (including miscellaneous cases) was 8,525. Last year nearly 1,000 fewer cases were instituted—5,223, against 4,475 in 1910, were Small Cause Court cases.

77 The total value of civil suits instituted this year was Rs 1,19,738, as against Rs 6,29,882 in 1910

78. Suits of all kinds the value of which did not exceed Rs 50 numbered 5,140

79 The total number of suits of all kinds for disposal, including arrears, was 10,636

The number of contested suits disposed of was 1,161, 87 suits were decided by arbitration and 5,182 without any contest,—the number disposed of without trial was 2 536, and 5 suits were transferred to other courts

80 The pending file at the close of the year was 1 665 as compared with 1,556 in the preceding year, and of the former 425 suits had been pending for more than three months

81 The average duration of contested civil suits was 187 89 days and that of uncontested suits 35 27

82 *Appeal*—On the appellate side there were 232 appeals from decrees and orders

83 The pending file at the close of the year was 128 appeals against 129 in the preceding year The average duration of appeals was 177 9 days against 108 in the preceding year

84 The number of applications for execution of decrees was 14,465 against 15,752 in 1910 The number pending at the end of the year was 301 as compared with 2,778 in the last year The number of cases in which the judgment debtors were imprisoned in execution of decree was 31 as against 6 in 1910

85 During the year under report the Commissioner inspected the Court of the—

Cantonment Magistrate and Sub Judge, 2nd Class, Deoli.

There is considerable delay in the disposal of cases in the Court of the Judicial Assistant Commissioner, and of appeals in the Court of the Commissioner

86 It is hoped that the impending changes in the arrangements of the Courts will remove much of the inconvenience which suitors experience in getting their cases and appeals heard.

(4) REGISTRATION (YEAR WHICH ENDED THE 31ST DECEMBER 1911)

87 The total number of all classes of documents presented for registration during the year under report was 4,677 as against 3,751 in the preceding year The increase of 926 which occurred chiefly under the "Obligatory Class" may be accounted for by the fact that an unfavourable agricultural year gave rise to a large number of transfers and consequently to the execution of a larger number of documents than usual

88 Out of the total number of documents presented for registration 2,585 documents or 55 27 per cent of the whole as against 60 92 per cent in the preceding year were registered by the Sub-Registrar, Ajmer

89 The area of agricultural land transferred by sale during the year was 7,831 Bighas as compared with 5,424 Bighas in the year 1910, showing the large increase of 2,507 Bighas Similarly the area of agricultural land transferred by mortgage also shows the very remarkable increase of 5,647 Bighas, i.e. from 7,580 Bighas in the preceding year to 13,227 Bighas in the year under report

90 The total value of the land transferred by sale and mortgage amounted to Rs 5,39,658 or Rs 2,19,198 more than in the preceding year

91 The total receipts and expenditure of the year amounted to Rs 9,138 and Rs 2,528 as against Rs 7,732 and Rs 2,339 respectively in 1910 showing surplus of Rs 6,610

92 The system of recording thumb impressions worked well throughout the year

(5) MUNICIPALITIES (YEAR ENDING THE 31ST MARCH 1912).

Municipi- 93. The principal event of the year was the visit of Her Imperial Majesty the Queen to Ajmer in December 1911. Her Majesty's interest in all that she saw during her visit and her sympathetic demeanour gave the highest gratification to the citizens.

The constitution of the Ajmer Municipal Committee remained unchanged.

94. During the year under report the Committee held 26 meetings, of which 8 special and 18 ordinary. The average attendance at each meeting was 9.13 and 19.04 respectively.

95. The total income of the year was Rs. 2,83,266 as against Rs. 3,45,196 in 1910-1911. The expenditure amounted to Rs. 3,23,406 as against Rs. 2,64,057 in the previous year and the closing balance was Rs. 62,491.

If refunds are excluded, which amounted to Rs. 52,654 in 1910-1911 and Rs. 41,189 in 1911-1912, the figures for the two years compare as below :—

	1910-1911.	1911-1912.	Difference.
	Rs.	Rs.	Rs.
Income . . .	2,92,542	2,42,077	—50,465
Expenditure . . .	2,11,403	2,82,217	+70,814

96. The decrease in receipts is chiefly under heads "Octroi and Bonded Ware-House" and "Sales Miscellaneous." It is also due to the fact that no loan was taken this year, whereas the sum of Rs. 60,000 was borrowed during the year 1910-11.

97. The increase in expenditure chiefly occurs under the following heads :—

1. Establishment.
2. Water Supply.
3. Conservancy.

Under head "Establishment" the increase is mainly due to the increment granted to the present Secretary and to the grant of half a month's pay as bonus to the whole establishment except the Secretary in commemoration of the King-Emperor's visit to India.

The increase under head "Water Supply" is chiefly due to the Municipality having to resort to pumping water from Budha Pushkar.

The increase under head "Conservancy" is due to renewing a portion of the rolling stock at a cost of Rs. 36,855 and purchasing hoppers and rubbish carts (Rs. 5,182), as also to the acquisition of live stock (Rs. 3,421).

98. The gross and net receipts from Octroi in the two years are shown below :—

	Gross.	Net.
	Rs.	Rs.
1910-11	2,07,399	1,54,745
1911-12	1,94,438	1,53,249
	<hr/>	<hr/>
	—12,961	—1,496
	<hr/>	<hr/>

The gross decrease of Rs. 12,961 occurred chiefly under the items "Piece Goods" and "Other Articles of Food" which may be ascribed to large stocks remaining in hand from the previous year.

99. The total disbursements during the year under report amounted to Rs. 3,23,406 against Rs. 2,64,057 in the previous year.

100 The variations chiefly occurred under the following heads —

	Increase Rs.	Decrease Rs.
Establishment	1,538	—
Survey of land	.	2 079
Refunds	.	11 465
Police	.	13,840
Water Supply	13,219	
Conservancy	45 591	
Roads	3,743	
Other items	15 682	

The increase under heads "Establishment" "Water Supply" and "Conservancy" has already been explained

The increase under head "Roads" is due to the cost of lands acquired for widening roads and streets and extraordinary repairs to roads on the occasion of Her Majesty the Queen-Empress's visit to Ajmer

The abnormal increase of Rs 15,882 under head "Other items" is due to the distribution of food and clothing to the poor and the treating of school children on Coronation day and to illuminations and decorations in connection with the visit of Her Imperial Majesty

The decrease of Rs 11,465 under head "Refunds" may be attributed to the decrease in Octroi receipts

The decrease of Rs 13 810 under head "Police" is due to the Municipal Committee being relieved of police charges from 1st April 1911

101 A sum of Rs 16,474 was paid during the year towards the liquidation of Government loans

The balance of the loan still due from the Municipality amounted to Rs 2,10,293 at the end of the year

102 The incidence of taxation fell from Rs 1-13-2 to Rs 1-12 4

103 The management of the Ajmer Water Works was in the hands of Mr P A L Cantin, Executive Engineer, Ajmer Provincial Division, with Mr R Gadsby, Assistant Engineer and Sub-Divisional Officer Ajmer, to assist him

104 The first rainfall registered on the 14th June 1911 was 1 09 inches

The water level in the reservoir reached its lowest level (11 feet above the sill of the sluice) on the 13th June 1911 and began to rise from that date from 1st April to 13th June 1911 the water level fell 4 24 feet

105 The total depth of the lake between the sill of the sluice and full tank supply level is 24 feet On 1st April 1911 the water level was 15 24 feet

The highest level of water above the sill of the sluice during the year was 12 81 feet on 13th September 1911

The total rainfall between June and September 1911 was only 8 54 inches, while for the whole year under report it was 9 83 inches, the normal fall being 21 09 inches

During the year pumping had to
do so for the rest of the year just the Bombay,
At the close of the year the water level in the
Foy Sagar was extremely low Some of its water had to be supplied to the
Dhobi Ghāts owing to the drying up of the Anasagar
water from the
and continued to

107. The Committee has now been relieved of all expenses incurred in connection with the maintenance of the Municipal Police The question of the taxation of Railway goods is still undecided. The provision of an additional water supply continues to engage the attention of the Committee and the Sagar Mati project affords good hopes of success

108 The number of recorded births rose from 1,422 to 1,572 and that of deaths from 2 698 to 3,418

The increase in the number of deaths is chiefly due to an outbreak of small-pox in epidemic form.

The birth and death rate per mille of population was 18·22 and 39·61 against 16·48 and 31·27 respectively in the preceding year.

The mortality among children under five years of age was 1,751 (52·45 per cent. of the total mortality) against 1,056 in the previous year.

Forty-two deaths from cholera and 468 from small-pox were reported.

109. The total number of vaccinations performed in the Ajmer town and suburbs was 3,935 against 2,608 in previous year. The increase is due to the prevalence of small-pox in epidemic form. The number of primary vaccinations was 3,458 and of revaccinations 477 against 2,319 and 289 respectively last year.

110. Forty-six conservancy carts and forty-six trollies with receptacles were purchased and four new public urinals were added during the year under report. With these exceptions the conservancy arrangements were the same as last year.

Sanitary arrangements were insufficient and backward and are a source of frequent complaint.

The Secretary to the Municipal Committee, Mr. A. McKenzie, was awarded the Kaisar-i-Hind medal in recognition of his continued services to the Municipality.

ar Muni- 111. There was no change in the Municipal boundaries during the year.

ty. 112. During the year under report the Committee held twelve meetings, of which 7 were special and 5 ordinary as compared with 7 special and 8 ordinary in 1910-1911.

113. The net total income of the year amounted to Rs. 70,531 as against Rs. 96,834 in 1910-1911 and the expenditure to Rs. 77,184 as against Rs. 60,282. The closing balance amounted to Rs. 46,819 exclusive of Rs. 10,000 invested in Government paper.

114. The decrease of Rs. 26,303 in the income occurred chiefly under the head "Octroi" which realized a net amount of Rs. 64,616 (after deducting refunds) as against Rs. 92,639 in the preceding year. This decrease is attributed mainly to the poor outturn of the cotton crop.

115. The incidence of Octroi taxation on a population of 22,800 was Rs. 2-13-4 per head as against Rs. 4-2-1 in the year 1910-1911.

116. Compared with the previous year the expenditure shows an increase of Rs. 16,902, which occurred chiefly under the heads Conservancy and Public Works.

117. The construction of the Colvin Town Hall was finished and its opening ceremony was performed on the 9th March 1912 by the Honourable Sir Elliot Graham Colvin, K.C.S.I., I.C.S., Chief Commissioner, Ajmer-Merwara.

118. Some of the wells were repaired in connection with the water-supply scheme during the year under report.

119. The numbers of births and deaths registered during the year were 1,021 and 1,189 as against 853 and 1,098 respectively during the year 1910-1911.

ri Muni- 120. There has been no change in the constitution of the Committee during the year under report except the appointment of Babu Chel Bihari Lal in place of Pandit Jagan Nath Pershad.

121. The Committee held two ordinary and four special meetings.

The total income and expenditure during the year amounted to Rs. 9,716 and Rs. 9,958 as against Rs. 11,460 and Rs. 9,073 respectively in the year 1910-1911. The closing balance on the 31st March 1912 amounted to Rs. 6,100 inclusive of Rs. 2,000 invested in Government securities.

122. The decrease of Rs. 1,744 in income as compared with the figures of last year is principally traceable to the head of Octroi, which is the chief source of income of the Municipality and shows a decrease of Rs. 1,582. This decrease is chiefly due to the fact that during the previous year the traders had imported commodities greatly in excess of their requirements resulting in smaller imports during the year under report.

123 The increase of Rs 885 in expenditure over the figures of the previous year was mainly under the heads of Conservancy, Garden and Arboriculture and Public Works

124 Proposals for improving the financial position of the Kekri Municipality are still under consideration

125 The incidence of Octroi taxation was Rs 1 3 9 per head of the population during the year under report as against Rs 1-4-7½ in 1910 1911

126 The number of births and deaths recorded during the year was 173 and 246 as against 166 and 179 respectively during the year 1910 1911

SECTION IV.

PRODUCTION AND DISTRIBUTION.

AGRICULTURAL SUMMARY.

127. The year under report comprises Rabi 1318 Fasli and Kharif 1319 Fasli. The Rabi crops which depended on the rainfall of 1910 were generally fair to good.

The average outturn of all the three Tahsils was 15 annas in the rupee in Ajmer Tahsil, 12 annas in Beawar and 13 annas in Todgarh Tahsil. Owing to the scanty rainfall in 1911 the Barani (dry) areas in Kharif 1319 Fasli failed to a great extent and the average outturn was only 8 annas, 4 annas and $2\frac{1}{2}$ in the above tahsils, respectively.

AJMER.

128. The area sown for the Rabi of 1910-1911 was 51,138 acres of which 2,396 acres failed. The outturn was estimated at 4,47,365 maunds. The area under cultivation for the Kharif of 1911-1912 was 44,212 acres of which 23,894 (or more than 50 per cent) failed.

129. The outturn was estimated at 1,39,561 maunds. The actual collections on account of these two harvests amounted to Rs. 2,10,030 against Rs. 2,60,328 last year.

130. The realizations of revenue which had been suspended in previous years were Rs. 24,504.

The total collections during the year came to Rs. 2,34,534 as against Rs. 2,88,340 in 1910-1911. There was no remission on account of agricultural calamities of any kind in the district, but a sum of Rs. 11,621 was suspended.

The amount of revenue outstanding at the close of the year was Rs. 38,157.

131. There were very few applications for Takavi for digging or deepening wells during the year under review. A sum of Rs. 2,402 only was advanced under the Land Improvement Loans Act while under the Agriculturists Loans Act no loans at all were granted. The realization of both principal and interest amounted to Rs. 9,726 against the demand of Rs. 58,652 out of which a sum of Rs. 927 being irrecoverable and long outstanding arrears was remitted under the orders of the Honourable the Chief Commissioner.

MERWARA.

132. The area sown for the Rabi of 1910-1911 was 30,816 acres, of which 2,515 acres failed. The outturn was estimated at 2,77,316 maunds. In the Kharif of 1911-1912, 31,514 acres of land were brought under cultivation of which 22,692 or more than 72 per cent failed. The outturn was estimated at Rs. 63,831 maunds. The collections of revenue on account of these two harvests amounted to Rs. 55,205 as compared with Rs. 1,20,480 in 1910-1911 and a sum of Rs. 3,457 was realized on account of previous years, the total collections thus amounting to Rs. 58,662. During the year under report nothing was remitted on account of agricultural calamities in either of the two Tahsils in the district, but recommendations for remission on a large scale were made after the close of the year and sanctioned by the Local Government.

133. No remission was made on account of arrears suspended in previous years. During the year under report a sum of Rs. 29,156 was advanced under the Land Improvement Loans Act and Rs. 270 under the Agriculturists Loans Act.

134. The realizations under both the Acts amounted to Rs. 941 including Rs. 78 on account of interest, while the sum remitted on account of irrecoverable arrears outstanding in the Beawar Tahsil under the Land Improvement Loans Act amounted to Rs. 213. The total amount of advances which remained outstanding under the two Acts at the close of the year in both the Tahsils of Merwara was Rs. 1,24,266.

Exploring licenses

135 During the year under report, four licenses to explore for minerals in Mines the Merwara District were granted each for a year to (1) Mr Nensi Purbhoy, (2) Mr Sorabji Dadabhoy, Vakil, (3) Mr Pestonji Jehangir and (4) Messrs G F Guy and W C Morley

No license was issued in the Ajmer District.

Prospecting licenses

136 Only one license for mica in the Ajmer District was granted for one year to Messrs Imam Baksh and Abdul Gani of Nasirabad In the Merwara District 11 licenses were issued each for a year i.e., 1 to Mr Manilal Prem Chand, 2 to Mr Sorabji Dadabhoy, Vakil, 6 to Messrs G F Guy and W C Morley, for mica and 2 to Mr. Pestonji Jehangir for mica and asbestos respectively

Mining leases

137 No lease was granted in the Ajmer District In the Merwara District two leases for mica were issued each for 15 years, i.e., 1 to Messrs G F Guy and W C Morley and 1 to Mr Sorabji Dadabhoy, Vakil

138 The Returns of the Rajputana Malwa Railway show an increase in the Trade number of passengers booked from stations in Ajmer-Merwara from 12,89,259 in 1910 to 13,15,725 in 1911 (Calendar year)

139 The grain traffic of the two most important local trade centres for the year under report and the previous year is given below —

	1910	1911
Ajmer—		
Imports .	8,267	9,750 tons
Exports	233	220 "
Balance in favour of imports .	7,984	9,530 "
Beawar—		
Imports	2,923	4,590 "
Exports	4,717	5,077 "
Balance in favour of exports	1,794	487 "

140 It will be seen that in Ajmer imports of grain rose considerably In Beawar imports of grain rose by as much as 57 per cent and exports also rose slightly

141 Imports of cotton at Beawar fell from 6,402 to 3,186 tons during the year 1911

142 During the year under review the total expenditure incurred on Public Public Works Works in the Ajmer and Merwara Districts (exclusive of Irrigation Works, Canals, and Railways) amounted to Rs 2,41,565 of which Rs. 29,515 were spent on works within the jurisdiction of the Commissioner as against Rs 2,24,015 in 1910 1911.

143 The chief works carried out during the year were —

Additions and alterations to suitor's shed attached to the District Court at Ajmer

Construction of the Railway Magistrate's Court at Ajmer

Construction of family quarters for Jawaja Police station

Construction of a new Police Station at Todgarh

Acquisition of the triangular piece of land belonging to Mr F C. Mehta close to the Katcheri Buildings at Ajmer.

Improvement of mile 34 of Beawar-Sendra road

Construction of a new inspection bungalow at Nasirabad

Cutting off worst salents on Beawar-Dawair road between Jasakhera and Bhum.

144. The expenditure on "communications" amounted to Rs. 1,05,127. Revenue credited to Imperial Civil Works during 1911-1912 on account of Ajmer-Merwara amounted to Rs. 7,782 including Rs. 1,245, Rs. 741 and Rs. 660 on account of rent of Agency House at Deoli, Agency Surgeon's quarters at Deoli, and Cantonment Magistrate's bungalow at Nasirabad, respectively.

riculture
side tree
tation.

145. At the beginning of the year the total length of the roads with avenues was 62 miles 6 furlongs. During the year 5 miles of Imperial and 2 miles 3 furlongs of District Fund roads were planted with young trees, thereby making a total length of 70 miles and 1 furlong of avenue roads. The number of trees planted to fill up blanks was 1,900. The total cost of planting and maintaining the trees on both Imperial and District Fund roads amounted to Rs. 4,699 against Rs. 5,964 in the previous year. The decrease in expenditure is chiefly due to the fact that a smaller number of iron tree guards of improved pattern were provided for these roads during the year.

146. The expenditure on Imperial roads was Rs. 2,979 and on District Fund roads Rs. 1,720.

147. The number of Nurseries underwent no change during the year.

148. The income derived from the sale of dry wood, Babul pods, etc., amounted to Rs. 358 against Rs. 301 in the preceding year. The increase in revenue is due to the sale of dry wood on Imperial roads.

149. The net result of the year's operations was the addition of 7 miles and 3 furlongs of roadside avenues, compared with 10 miles in 1910-1911.

ection of
gauges.

150. The number of raingauges maintained in Ajmer-Merwara was the same as in 1910-1911, *viz.*, 58. All the raingauges were inspected from time to time by the District Officers and found in efficient condition. All except one are Symon's Gauges.

SECTION V

REVENUE AND FINANCE.

A—IMPERIAL

(1) Land and Water Revenue

151 The year under report which includes the accounts for the Rabi harvest Character of the of 1318 Fash and the Kharif of 1319 Fash was comparatively bad and one of season partial scarcity, the average rainfall of the year being 1187 inches (*vide* table 31) against the normal for the District of 1922 inches The outturn of the Rabi harvest which depended on the rains of the previous year was fair but in the Kharif the dry areas of most of the villages failed Remissions of the revenue demand for the latter harvest were proposed in accordance with the revised Rules for B necessary sanction

152 The syste time of the Settlement

increasing, as two villages under fixed assessment have applied to have the variable system extended to them The practical results both in regard to the area sown and the revenue realized, though poor compared with the standard fixed at the time of the Settlement, yet considering the scanty rainfall give no real cause for disappointment It is hoped that in years of normal rainfall the villages concerned will be able to yield the standard demand easily The following table compares the revenue actually assessed for the year 1319 Fash with the standard fixed at the Settlement —

Tahsil	STANDARD			Annual crop rate Tank revenue for 15 years and including famines	ACTUALS FOR 1319 FASH			Average crop rate tank assessment 1319 Fash
	Land Revenue	Water Revenue	Total		Land Revenue	Water Revenue	Total	
	Rs. A. P.	Rs. A. P.	Rs. A. P.	Rs. A. P.	Rs. A. P.	Rs. A. P.	Rs. A. P.	Rs. A. P.
Ajmer	15,411 0 6	1,517 6 6	16,928 7 0	11 6 5	9,906 13 5	379 10 11	10,286 8 7	94 7 8
Beawar	2,800 1 10	1,053 9 2	3,853 11 0	2,184 10 10	1,706 9 3	257 15 2	1,964 8 5	103 10 0
TOTAL	18,211 2 6	2,570 15 8	20,782 2 0	2,196 1 2	11,613 6 11	637 10 1	12,251 1 0	798 1 8

153 The current demand on account of land and water revenue for the year amounted to Rs. 3,49,435 against Rs. 4,04,183 for the year 1910-1911, the decrease of Rs. 54,748 being due partly to the complete introduction of the new assessments of Mr. Lupton, but chiefly to the bad season owing to which the land revenue assessments in the variable villages and the water revenue from variable tanks greatly suffered Including arrears of previous years the total demand aggregated Rs. 3,88,754 Out of this Rs. 2,93,196 were realised, as against Rs. 4,19,372 in the year 1910-1911 as shown below —

	1910 11	1911-12
	Rs.	Rs.
Arrears	38,561	27,958
Revenue of the year	3,50,811	2,65,238
	4,19,372	2,93,196

1910-1911 to the head "Public Works Department—Irrigation Revenue" has since been transferred. The figures however exclude Rs. 436-11-11 on account of surplus collections for next year.

155. Besides the large remissions proposed in the Khalsa areas and subsequently sanctioned by competent authority, the Government of India also

authorised the Hon'ble the Chief Commissioner to sanction the remission up to a limit of 30 per cent of the demand for the kharif harvest of 1319 Fasli to those Istimrardars whose Jama exceeds 20 per cent. of their estimated income as shown in Mr. LaTouche's Settlement Report of 1875. A sum of Rs. 1,625-5-3 was subsequently remitted on this account.

156. The retail prices of the principal food grains (Barley and Maize) varied in April 1911 from 21 seers in the Ajmer Tahsil to 25 seers 7 chataks in Todgarh. In May and June prices remained steady except in the Ajmer Tahsil where they showed signs of rising high. From July the prices of both kinds of the staple food began to rise perceptibly until in November they ranged from 13 seers 2 chataks in the Todgarh Tahsil to 13 seers 8 chataks and 14 seers in Ajmer and Beawar respectively. Notwithstanding a slight fall in December they continued high for the remaining three months of the year.

157. In Todgarh Tahsil, where conditions were more unfavourable, arrangements were made for the distribution of gratuitous relief on a restricted scale to deserving persons.

158. The table below compares with the two previous years the results of the enumeration of agricultural stock in Ajmer-Merwara during the year under report.

	1909-10.	1910-11.	1911-12.
Cows and bullocks	1,57,503	1,76,991	1,90,017
Buffaloes	16,835	19,550	23,153
Sheep and goats	2,85,416	2,77,447	2,76,185

159. There was no epidemic disease amongst the cattle throughout the year except foot and mouth disease and small-pox which prevailed in the Beawar Tahsil. Fodder for cattle was insufficient in Merwara and arrangements were made with the Central Provinces Government to allow pasturage in that Province to the cattle emigrating from Ajmer-Merwara: the cultivators were also encouraged in this matter by obtaining for them concession rates from the Railway Company for the carriage of cattle. Local Forest reserves were thrown open for grazing cattle and grass was issued as Taccavi in the Beawar Tahsil.

160. A fodder depôt was also opened at Nasirabad for supplying grass to the emigrating cattle.

161. Boundary pillars and survey and plot marks were inspected by the Revenue officials from time to time: 14 boundary pillars and 5 survey marks were found damaged and 1 plot mark removed, and steps were taken to put them in order. Twenty-four cases of boundary disputes were instituted and disposed of during the year under report and of the old cases only nine remained pending at the close of the year, an Amin having been appointed for the rest at the cost of the Istimrardars concerned.

162. The settlement operations, which were in progress from the year 1907, were brought to a close on the 31st May 1911 and the new records prepared in the settlement completely replaced the old ones.

163. The rules regarding the correct maintenance of the new khasras and maps were adopted and 3,265 corrections were made according to them. The Tahsildars and Naib-Tahsildars constantly made inspecting tours in the District and spent on an average 82 days in the Ajmer Tahsil and 106 and 181 days in the Beawar and Todgarh Tahsils respectively.

164. The Todgarh Tahsil was inspected by the Extra Assistant Commissioner, Merwara and the Ajmer Tahsil was inspected by the Assistant Commissioner, Ajmer.

165. Fifty-one writs, 73 warrants of arrest and 53 warrants of attachment were issued for the recovery of dues of land and water revenue and taccavi but no person was imprisoned for default of payment.

166. In Ajmer 14 cases were pending from last year and 6,568 cases were instituted during the year under report, of which 6,570 were disposed of. In Merwara the numbers of institutions and disposals of the cases were 4,688 and 4,601 respectively.

167 Six biswas of land were taken biswas and 14 biswas for buildings which a sum of Rs 250 12 5 was paid represented the annual reduction in t land measuring 3 acres was taken up for roads but no reduction in the Govern- Jama ment Jama was necessitated thereby

168 There was no case of alienation of Government land nor assignment Alienation of Government land

169 The first quinquennial wage census of Ajmer Merwara was taken in Wage Census March 1911 and a report of the results was submitted to the Hon'ble the Chief Commissioner in July 1912

(3) Opium, Excise and Drugs

170 The gross receipts from Excise, Opium and Drugs amounted to Rs 3,46,320 against Rs 3,52,796 in the preceding year, showing a decrease of Rs 6,476 The expenditure on the excise establishment amounted to Rs 18,143 as compared with Rs 18 433 in the preceding year The net profit on the year's working thus amounted to Rs. 3,28,177 against Rs 3,34,363 in the year 1910-11

171 The year under review is the 4th year of the contract supply system Country The rates at which country spirits are supplied by the contractor are as follows.—

	MOWLA			GCB		
	25 U P	50 U P	25 U P	50 U P	25 U P	50 U P
Rate per gallon	0 13 6	0 8 0	0 15 0	0 8 6		

172 The receipts under the head country spirits amounted to Rs 2 98,220 as compared with Rs 2,97,886 in the year 1910 11

173 The total sales of country liquor were 53,248 9 proof gallons as against 65,214 5 gallons in 1910 11 The decrease in consumption was due to the unfavourable season and also to the fact that the year 1910-11 was a prosperous and auspicious year for Hindu marriages, and death ceremonies were also observed that year with greater pomp and more lavish expenditure than in preceding years The still-head duty on spirits issued for consumption in urban and rural areas was as follows —

	Rs	a	p
Urban area	4	6	0 per proof gallon
Rural area	3	12	0 , , ,

174 The number of country liquor shops in the district was the same as last year, viz., 123 The shops at Baghana and Pipri in the Todgarh Tahsil, however, remained closed for want of a contractor

175 The question of restricting the issue of temporary licenses for the sale of spirits at fairs and festivals was kept in view, but no change in the present practice appeared necessary

176 The privilege of tapping and vending tari is held by a contractor A sum of Rs 200 was recovered in advance on account of the contract money for the year 1912-13 The number of shops for vending tari was 4, 960 trees were tapped, the yield being 7,138 2 gallons of tari

177 The number of licenses issued during the year for the sale of foreign wholesale and to Rs 2,162 the fact that recovered in

178 The receipts under opium amounted to Rs 29,113 against Rs 35,352 in Opium 1910-11 The decrease is chiefly visible under the head of contract money and is due to the fact that a major portion of the contract money for the rural area for the years 1910 1911 and 1911-1912 was credited into the Treasury during the year 1910-1911

179. A quantity weighing 54 maunds 10 seers 5 chataks 4 tolas and 4½ mashas was imported for consumption in Ajmer-Merwara, the import duty realised being Rs. 8,681. No opium was exported to Bombay.

180. The total number of licenses issued during the year for the wholesale vend of opium was 14 as against 13 in 1910-11.

181. The number of shops for retail vend was 41, *viz.*, 8 in the Municipal and 33 in the rural areas.

182. No license was issued for the cultivation of opium during the year under review. A cultivator who cultivated without permission 3½ biswas of land in the Beawar Tahsil was prosecuted and convicted; the estimated produce was 2 chataks but actually there was no outturn and no excise duty was recovered.

183. The contraband opium received and sent to the Ghazipur factory amounted to 6 seers and 9½ chataks.

drugs. 184. The receipts from Hemp drugs amounted to Rs. 16,458 against Rs. 16,260 in the preceding year.

185. The number of shops for the retail vend of intoxicating drugs was the same as in the preceding year, *viz.*, 16.

utions. 186. During the year 44 persons were prosecuted under the Excise Act, of whom 41 were convicted. Under the Opium Act 8 persons were prosecuted and 7 were convicted. Two chandu and one madak den keepers were prosecuted and convicted. The number of opium smoking dens was 13 as against 12 in the preceding year, 198 persons against 115 last year were convicted under the Police Act for drunkenness during the year under report.

al
ks. 187. The only change in the Excise Administration during the year under report was the raising of duty on country spirits by 10 annas per proof gallon from the 1st April 1911. The increase in duty seems to have had no effect on the consumption of liquor as during the first three months of the year the consumption was greater than that of first quarter of the preceding year. The consumption began to fall as the pinch of scarcity made itself felt owing to the failure of the monsoon. Notwithstanding the bad season and the consequent fall in consumption the revenue derived from country spirits was more than in any previous year. This was due to the increase in receipts from license fees.

188. The results of the Excise Administration for the year under report are satisfactory and the Madras system has continued to work well. These facts are creditable to the Excise staff.

(3) Stamps.

189. The gross income from stamps amounted to Rs. 1,66,890 as against Rs. 1,68,627 in the year 1910-1911 as detailed below :—

	1910-11.	1911-12.	Difference.
Judicial stamps . . .	1,21,004	1,17,249	—3,755
Non-Judicial stamps . .	47,623	49,641	+2,018

190. The decrease of Rs. 3,755 in the sale of judicial stamps is due to the prevalence of scarcity. The increase of Rs. 2,018 in the sale of non-judicial stamps is apparently due to large monetary transactions during the year under report which may also be said to be due to scarcity.

191. No prosecution took place for any breach of the Stamp Law nor was anything recovered on account of pauper suits. There was no change in the number of stamp vendors during the year. The discount paid amounted to Rs. 3,088 as against Rs. 3,027 in the year 1910-1911.

192. The total charges in connection with the working of the Stamp Department amounted to Rs. 18,228 as compared with Rs. 17,558 in the previous year.

(4) Income Tax.

193. The number of persons assessed to income tax during the year under report was 852 against 778 last year.

194 The final demand and the collections as compared with those for 1910-11, are as follows —

	1911 12	1910-11
Final demand	69,734	61 514
Collections	67,185	58,923

195 The gross collections, including arrears and penalties, amounted to Rs 69,784, as against Rs 61,230 in the previous year, as shown below —

	1911 12	1910-11
Tax	67,185	58 900
Arrears	2,595	2,307
Penalties	4	23
TOTAL	69,784	61 230

196 There were no prosecutions during the year, but Rs 4 were collected on account of penalties. The cost of collection was Rs 6,801 (including refunds, Rs 5,509), against Rs 1,194 last year, the net profit accruing to Government on the year's working was thus Rs 62,983 compared with Rs 60,036 in the preceding year.

197 The Extra Assistant Commissioner I, Ajmer, exercised the powers of a Collector for making all assessments under Part IV up to the sum of Rs 250 on an income of Rs 9,600 and for hearing and passing orders on objections filed under section 26 of the Act against the assessments made by him. The Collector of Ajmer exercised the revisional powers of the Commissioner under section 27 of the Act in regard to petitions preferred against all orders made by the Extra Assistant Commissioner I, under section 26 of the Act.

198 The number of objections was 89, 1 under Part II and 88 under Part IV. Of these, 13 were allowed, 26 were partly accepted, 2 remained pending and 48 were rejected. Four applications for revision were presented under section 27 of the Act and remained pending. No application for revision was presented to the Commissioner from the orders of the Collector.

199 The percentage of Collections under Parts I, II, III and IV of the Income Tax Act came respectively to Rs 31 66, 6 23, 6 29 and 29 70, and the incidence of Income Tax per head of population in the city of Ajmer calculated on the amount collected during the year was annas four only against annas three and pies nine in the previous year.

B — REVENUE AND FINANCE OTHER THAN IMPERIAL

200 The year opened with a cash balance of Rs 31,589. Receipts amounted to Rs 45,624 as against Rs 45,974 in the last year. The corresponding figures of expenditure are Rs 45,544 and Rs 44,562 respectively. The receipts decreased by Rs 350 and the expenditure increased by Rs 982. The increased expenditure is due to—

- more money having been spent on road repairs during the year under report than in the year 1910-1911,
- extra expenditure on account of coronation medals and sweets distributed to school boys during the last coronation,
- more money having been spent during the year on account of construction of school buildings in Merwara than in the previous year,
- repairs executed to certain cattle pounds

201 work satis continued to
covered 37 " and Jethana
is not quit r. The result
in future is under consideration of these bulls

202 The closing balance of the District Fund on the 31st March 1912 stood at Rs 31,669 as compared with Rs 31,589 in 1910-1911.

203 The Board held two meetings during the year.

LOCAL FUNDS.

204. The cash balance at the credit of the Dispensary Fund at the beginning of the year was Rs. 3,997. The receipts amounted to Rs. 7,880 against Rs. 8,626 last year, showing a decrease of Rs. 746 which is explained by the fact that the receipts in the last year included arrears of certain subscriptions—no such arrears having been realised during this year.

205. The expenditure amounted to Rs. 7,218 as against Rs. 7,365, showing a decrease of Rs. 147. The year closed with a cash balance of Rs. 4,659 besides Rs. 23,500 invested in Government securities.

206. The cash balance at the credit of the several dispensaries at the close of the year was as follows :—

	Rs.
Ajmer	2,659
Kekri	870
Pisangan	258
Deolia	417
Ramsar	714
Beawar	1,012
Todgarh—Deficit	1,302

207. The Todgarh dispensary shows a debit balance of Rs. 1,302 as against Rs. 1,110 in the last year, showing an increased amount of deficit of Rs. 192. The financial condition of this dispensary is unsatisfactory and requires to be improved. The matter is under consideration.

208. The receipts amounted to Rs. 10,687 as compared with Rs. 12,999 in 1910-1911. The decrease of Rs. 2,312 is due to diminished income on account of the unfavourable season. The expenditure amounted to Rs. 17,202 as against Rs. 10,867 in 1910-1911 an increase of Rs. 6,425 which is attributed to the fact that a Government Promissory Note worth Rs. 5,000 was purchased and uniforms valued at Rs. 1,347 were supplied to the Chaukidars. The cash balance at the close of the year stood at Rs. 9,051.

209. The receipts amounted to Rs. 3,239 as against Rs. 2,854 in 1910-1911. The increase of Rs. 385 occurs under (a) entrance donations consequent on the enrolment of more Sowars than in the preceding year, and (b) horse allowances for the horses fed from the Fund. The expenditure amounted to Rs. 2,927 against Rs. 2,723 in the preceding year, showing an increase of Rs. 204, which is due to the purchase of a stock of medicines from Bombay for the use of the Hospital of the Salotri attached to the Police lines. The cash balance at the close of the year was Rs. 2,116.

210. The total receipts amounted to Rs. 65,197 as compared with Rs. 61,962 in 1910-1911, the increase of Rs. 3,235 being due to the imposition of a water tax and to the satisfactory expansion of revenue under all heads. The expenditure amounted to Rs. 67,145 as against Rs. 64,573 in the preceding year. The increase of Rs. 2,572 is due to certain extraordinary original works having been carried out during the year under report. The cash balance at the close of the year was Rs. 17,360.

SECTION VI

PUBLIC INSTRUCTION

211 The number of educational institutions at the end of the year under report rose to 222 from 186 in the previous year, the increase being due entirely to private enterprise whereby a considerable addition was made to the number of private institutions which numbered 132 against 96 in the year 1910-1911. The number of pupils at both kinds of institutions, public and private, increased bringing the total of both sexes to 11,134 against 9,078 in the previous year. Of these the pupils at public institutions numbered 6,626 and at private institutions 4,508. The percentage of the population of school going age receiving instruction was 24.26 among males and 4.11 among females as compared with 19.52 and 3.64 respectively in the year 1910-1911.

General tables at Appendices Nos 46 to 52.

daily attendance at t were 2861.02 and 1911

213 The total expenditure on public instruction rose from Rs 1,55,385 in 1910-11 to Rs 1,71,227 in the year under report. The details of the expenditure as also the sources from which it was met are given below.—

Kind of Institution	From Imperial Revenues	From Local and Municipal Funds	From fees and private bodies	Total
	Rs	Rs	Rs	Rs
Arts College . .	16,341	2,580	3,608	22,729
Secondary Schools	20,655	12,672	61,931	95,303
Primary Schools	7,079	5,593	8,498	21,170
Training Schools .	1,115	120	1,524	2,709
Inspection . .	5,637	113		5,750
Scholarships	1,632	922	553	3,107
Examination			1,400	1,400
Buildings .	2,031	2,769	14,214	19,004
TOTAL	54,480	24,769	91,978	1,71,227

214 Throughout the year under report Mr E F Harris, B A., continued to be the Principal of the Government College with no change in its staff. A few changes took place in the staff of the schools attached to the College. Rao Sahib Pandit Narsingh Das who held the office of Head Master of the City Branch School retired on pension on 30th April 1911 and Mr Kanhaya Lal, B A L T, 4th Master, Government High School, was appointed Head Master. Mr L B Tarlekar, B A., 6th Master, having been offered a larger increase of salary elsewhere resigned the service in February 1912 and two graduate ex students of the College were appointed masters in connection with the vacancies.

Government College and Schools, Ajmer

The number of students in the College classes was 50 and in the school classes located in the College building 201 as against 39 and 198 in 1911. In the Branch School the number on the rolls was 434.

The results of the different examinations are given below —

B A Examination	3 out of 10 passed
Intermediate Examination	7 " 9 "
Matriculation Examination	32 " 45 "
Middle Examination	35 " 50 "

215 Two important events took place during the year in connection with the College

inspected the as regards o have been (2) a sum

of Rs. 7,000 was given by R. B. Pandit Sham Nath, retired Executive Engineer, to found two scholarships of Rs. 10 each tenable by B.Sc. students to be nominated from Ajmer.

216. The Boarding Houses continued to be managed as before.

Schools. 217. There was no change in the number of aided schools which stood at 13, but the number of pupils attending them rose to 2,029 from 1,878 on the 31st March 1911.

Schools. 218. During the year under report no new village school was opened: the status of 4 Secondary Schools was reduced to that of Upper Primary and from the savings thus effected 5 incomplete Upper Primary Schools were raised to the full Upper Primary grade. The total number of schools on the 31st March 1912 was 51 as shown in the table below:—

District.	Secondary.	Upper primary.	Semi upper primary.	Lower primary.	Total.
Ajmer	4	7	16	8	35
Merwara	1	7	5	16
TOTAL	4	11	23	13	51

The daily average number on the rolls and the daily average attendance at these schools both improved during the year under report, the numbers rising to 2,015 and 1,628 from 1912 and 1,422 in 1910-1911.

219. Eighteen candidates from the 4 secondary schools and 7 more from the Beawar Municipal School which is also under the direct supervision of the Inspector of Schools appeared for the vernacular Final Examination, of these 9 passed. In the primary schools the same curriculum of studies which was introduced in 1910-1911 was followed and a distinct improvement was observable in the results achieved in object lessons, Hindi grammar, mental arithmetic, vernacular writing and drawing, credit being principally due to the two Deputy Inspectors of schools who carried out their duties with faithfulness and zeal, creating in the teachers by practical demonstration and personal instruction a keen interest in their work.

220. The total expenditure on the village school education in Ajmer-Merwara amounted to Rs. 33,821, of which Rs. 14,609 were provided from Imperial Funds, Rs. 13,356 from Municipal and District Funds, Rs. 2,329 from fees, Rs. 3,209 from Mission funds and Rs. 318 from other sources.

Sports. 221. The Rajputana School Sports which are held usually at Ajmer during the first week of December could not be held during the year under review on account of His Majesty's Coronation Durbar at Delhi.

na School 222. The annual Rajputana Middle School examinations were conducted as usual at Ajmer by the Principal, Government College, and 36 schools from Ajmer-Merwara and various Native States in Rajputana against 34 in 1910-1911 presented candidates.

Day. 223. The 12th of December 1911 was observed as a day of rejoicing and of loyal celebrations in every class of school, both public and private, throughout the districts. Local Committees were formed at Ajmer, Nasirabad and Beawar to carry out a programme of celebrations at all the schools in the city and the towns and for the rural areas revenue officials were made responsible for the same. Sweetmeats and coronation medals were distributed among all the pupils who, the Inspector of Schools remarks, seemed to be beaming with happy and grateful recollections of the memorable occasion.

SECTION VII.

GENERAL (MISCELLANEOUS).

224. The annual religious Fair at Pushkar was held between the 2nd and 6th November 1911. In comparison with last year a large gathering. The general committee which as usual was formed for the purpose. The sanitary arrangements were all that could be desired and no epidemic disease of any kind occurred during the fair.

225. The Horse Show and Cattle Fair formed a prominent part of the programme of the fair as usual. The Police arrangements were excellent and no serious crime occurred during the fair.

226. Owing to unfavourable rains the kharif crop failed in the district and the Agricultural and Industrial Exhibition was not held this year.

227. The annual Ura Fair in connection with the Shrine of the Durgah Khwaja Sahib at Ajmer was held from the 29th June 1911 to the 14th July 1911. The usual Police arrangements were made and no violent crime occurred nor did any disturbance take place. The attendance was larger than usual.

228. The Tojaji Fair at Beawar was held from the 2nd to the 14th September 1911. The gathering at the fair is estimated at between 10,000 and 15,000 persons.

229. The Tojaji Fair at Kekri was abandoned this year owing to the unfavourable prospects of the season at the time.

230. At the beginning of the year 1911 there were 9 Printing Presses. One press was not in working order and a new one named "Ailanul Haq" was started during the year; thus the number of presses at the close of the year was the same, i.e., 9 as in the previous year.

231. Two newspapers (including one named "Akhabar Sulah Kul" newly started from the new press) and five periodicals in all were issued from these Presses during the year.

232. Three books in English, 1 in Sanskrit, 10 in Hindi and one in Polyglot were printed during the year under report.

233. The Assistant Commissioner, Ajmer, held the usual ceremony of receiving the Bhumias and their Nazarana on the 3rd June 1911, the day appointed for the official observance of the Birthday of His Majesty the King Emperor. Out of the total demand on account of the Nazarana amounting to Rs. 3,901 a sum of Rs. 3,924 was recovered at the Durbar; of the balance Rs. 30 remained outstanding at the end of the year.

234. No case of treasure trove was dealt with in the Ajmer District during the year 1911-1912.

On the 6th May 1911, the following coins were found by a labourer who was engaged in building a house at Dewair in the Todgarh Tehsil in the Merwara District:—

1. Coins of Mohamed Shah of Delhi	26
2. Old Bundi Coins	51
3. Bijoy Shah's Coins	10
4. Akbey Shah's Coins	10
5. Bhilwari Coins	40
6. Jaipur Coins	2
7. Ujjain Indore Suraj-Mark Coins	2

100

The Coins having been sent to the Numismatic Secretary, Asiatic Society of Bengal, for examination, he declared them to be of no particular numismatic value and their acquisition was therefore not recommended.

The find was then dealt with in accordance with the provisions of sections 5, 9 and 12 of the Treasure Trove Act VI of 1878, the finder and the person in whose property the coins were discovered each receiving half of the find.

NOTE -- Columns 13 to 15 -- Enter only persons concerned in cases taken up and rest by Magistrates Column 4 includes persons not shown in column 10 of the statement for 1910

R E COUPLAND,
Superintendent of Police, Dymers-Merwara

[Vide Section III—Police.]

STATEMENT B.

No. 6.—Return of Non-cognizable Crime for 1911.

Part I.—Return of cases.

Serial No.	Law.	Offence.	Number pending at beginning of year.	Cases reported in the year.	Total for disposal (columns 4 and 5).	Number dismissed without trial.	Cases of deaths, escape, or lunacy during trial and charges, absconded, compounded or withdrawn (Sections 247, 248, 249, 253, 245 and 244, etc.).	Number ending in discharge or acquitted.	Number ending in conviction.	Number pending at close of year.	Number declared by the court never to have occurred, or to be mistakes of law or fact.	Number in which the court held that a cognizable offence was committed.	Cases reversed on appeal or on revision.

NOTE.—Column 1, Sub-head "Courts of Sessions." Includes cases decided by Sessions Judges or referees under sections 311, 311 and 312, C. P. C.

Column 1, Sub-head "Superior Courts."—Includes cases decided by the High Court on reference under sections 257 and 258, C. P. C.

Column 19.—Includes fines realized during the year, though imposed in previous years. This column is intended to show the real total of fines imposed by officers in the exercise of original jurisdiction only. Column 20.—Represents compensation awarded to complainants under section 145, Act X of 1857. These awards should also be shown under the head "Fines" imposed, and "realized" in columns 18 and 19, for the year part of such fines.

General.—(1) The total of columns 5 and 11 should correspond with the total of columns 6 and 11 should correspond with the total of columns 12 to 17 inclusive.

(2) This statement is meant to exhibit every sentence passed, and where two or more sentences are passed on the same offender, to exhibit them in the further to exhibit the number of persons sentenced in this statement as punished, with the number entered as convicted in statement 4. It is necessary to note cases such as those in which future cost of contract is ordered under Act XIII of 1857 in a fine, i.e. As regards persons who were referred for higher punishment or for confirmation of sentence, the punishment, if any, awarded by the higher Courts should be entered against such higher Court, and not against the Court making the reference.

A. T. HOLME, I.C.S.,

Commissioner and Sessions Judge, Ajmer-Merwara.

A MILLER,

Offg. Inspector of Schools Ajmer-Merwara

PUBLIC INSTITUTIONS.

I.—Professors of a subject are to be omitted.
 II.—If the income of any school maintained by the Department (or by a Local or Municipal Board) exceeds the expenditure, the return of Government (or Local or Municipal) expenditure should be reduced accordingly, the income and expenditure of the school being thus equalized.
 III.—If the income of any school exceeds the expenditure, the excess income and the sources from which it is derived should be shown in the column of Remarks.
 IV.—If the income of any aided school exceeds the expenditure, the excess should be proportionately deducted from the sub-heads of endowments, subscriptions, and other sources; or, if the receipts from these sources are insufficient, from the sub-head of Fees also. The actual receipts from Imperial Revenues and from Local and Municipal Funds should be shown in full.
 V.—In calculating the expenditure under Imperial Revenues or any other Funds, all payments or contributions from Fees or other sources credited to that Fund should be deducted. Such payment should be shown as expenditure under the sub-heads to which they belong.
 VI.—In calculating the expenditure under Local and Municipal Funds, all payments or contributions from Fees or other sources credited to that Fund should be shown only in the recording column.

II.—If the income of any school maintained by a Local or Municipal Board exceeds the expenditure for Local or Municipal purposes, the excess income and expenditure should be retained accordingly, the income and expenditure of the school being thus equivalent.

III—If the income of any aided school exceeds the expenditure, the excess should be proportionately deducted from the sub-heads of endowments, subscriptions, and other sources; or, if the receipts from these sources are insufficient, from the embehead of fees also. The actual receipts

xx. In calculating the expenditures from **Private** other sources credited to that Fund should be deducted. Such payment should be shown as **expenditure** under the sub-heads to which they belong.
